

# Saisonöffnung

Anstrengend, wenn eine einmalige Saisonöffnung die Saison nicht komplett eröffnet. [Gestern](#) das erste motorisierte Zweirad, heute das zweite motorisierte Zweirad. Das Leben steckt voller Wiederholungen ...

Es sollte wieder eine kleine Runde an der Wuppervorsperre werden, ohne Ambition. Hat nicht so ganz geklappt. Mal wieder.

Zu Hause war ich erst einmal ein bisschen platt und unterzuckert. Also gab es Oster Süßigkeiten mit Milch. Und ein wenig Musik zum Entspannen.

Übrigens: wenn man ein Lied viermal von Alexa wiederholen (Alexa, wiederholen) lässt, dann wiederholt Alexa anschließend das Lied in einer Endlosschleife.

Ach, ja. Das Leben steckt voller Wiederholungen.

Go back I want  
So bad to hold you back

It's all I've said and done  
Fall in, be gone  
I will stand, as I've won again  
The reason for no more overnight

The minute I was thinking to hold you back  
The moment I was wishing it's overnight  
The minute I was thinking to hold you back  
The moment I was wishing it's overnight  
The minute I was thinking to hold you back  
The moment I was wishing it's overnight  
The minute I was thinking to hold you back  
The moment I was wishing it's overnight

Slow down, never  
I know now, I know better  
I need it more than ever  
Go back under  
Hope that I found on the track  
It's all I've said and done, overnight

The minute I was thinking to hold you back  
The moment I was wishing it's overnight  
The minute I was thinking to hold you back  
The moment I was wishing it's overnight  
The minute I was thinking to hold you back  
The moment I was wishing it's overnight  
The minute I was thinking to hold you back  
The moment I was wishing it's overnight  
It's overnight  
The minute I was thinking to hold you back  
The moment I was wishing  
The minute I was thinking to hold you back  
The moment I was wishing it's overnight
